

## Workshop held in Ankara, Turkey organized by ECO and FAO

Head of department on Agricultural and Environment Statistics of the Republic of Azerbaijan Rashad Bayramov participated in the workshop organized by ECO and FAO held in Ankara, Turkey on 21-25 October, 2013.

Representatives of Turkey, Iran, Azerbaijan, Pakistan, Afghanistan, Kazakhstan, Kirgizstan, Turkmenistan, Uzbekistan, Tajikistan, Saudi Arabia, as well as experts on agriculture of ECO, FAO and

SESRIC participated in the above mentioned workshop.

The objectives of the workshop were focus on providing participants with training on the CountrySTAT System, based on the FENIX platform.

In particular there were presentations as follows: IT module and new CountrySTAT system: participants had the opportunity to develop skills and gain experience through practical exercises on the comprehensive process to upload data, as well as the optimal utilization of the new CountrySTAT platform and framework for the dissemination of official statistics on food and agriculture.

At the end of the workshop experts of FAO gave information about the software for mobile telephones used in the collection of data.
